

# Newsletter in All its States #5

## ✨ Intro

The Collective in All its States was born from a whisper. A whisper shared by those who know that we do not always stand upright, that we change shape, rhythm and colour. Here, nothing is set in stone. We welcome fleeting states, fragile impulses and discreet forces. We believe in spaces where we can breathe without masks, lay down what weighs us down, and celebrate what makes us vibrate. This collective is built like a living landscape: sometimes clear, sometimes foggy, always inhabited. If these words resonate, then perhaps we are already on our way together.

## ❄ Some news from the life of our ASBL...

### 👉 INVITATION TO THE EXTRAORDINARY AGM

Soon, we will draw a first circle in 2026. A General Assembly like a moment suspended in time, to meet, listen, and lay the foundations. To share **news about the OA** and to **germinate the projects for 2026 together** 🌱

It will take place on **Sunday 8 February from 2.30pm to 6pm**, in the presence of full members, associate members and anyone else who wishes to attend. If you feel the call, even if it is vague or timid, please contact us.

### 👉 BECOME AN ASSOCIATE MEMBER

In 2026, it is possible to **become a member of our asbl**. Becoming a member means **supporting a vision, nurturing a shared space and helping to put down roots**.

- **Suggested fee:** €50/year
- **Minimum fee:** €25/year
- **Supporting fee:** from €50, with no upper limit.

**Flexibility:** it is possible to request payment in instalments. The membership fee is not just an administrative gesture, it is a way of saying I believe in this, **I care about what is being created here**.

### 👉 ESTABLISHMENT OF A MEDIATION CHARTER

In accordance with the **participant charter**, we are establishing a **mediation charter** that will propose concrete steps to follow if tensions arise ❤️ We want to pave the **way for resolving disagreements** gently and responsibly. This charter will not be imposed, but co-created and shaped together. A framework for **transforming friction into understanding**, and turning every tension into an opportunity to grow, without losing ourselves.

# 1001 Dreams: Nocturnal & Waking dreams

4 - 10 MAY 2026 IN CENTRE DE PARTAGE IN AVIOTH

Registrations for 1001 Dreams are open.

A space for **those whose inner worlds are too vast to remain silent**. Here, we dream together, we write, we compose, we share. **Dreams become matter**, voice, rhythm, passage. We create from the **dreams that visit us at night** and those we have while wide awake, which allow us to **imagine, without restraint, a new future for ourselves and the world**. This project invites us to explore the **imagination as a shared territory**, to transform the intimate into shared creation.

**⚡ ONLY A FEW SPOTS LEFT — COME DREAM WITH US!**

## ● Pilot project: co-production of L.U.N.A.I.R.E

**★ SUPPORT FOR ARTISTS FROM THE COLLECTIVE IN ALL ITS STATES IN THE DISSEMINATION OF THEIR WORKS**

The co-production of L.U.N.A.I.R.E's tracks marks a first step. A pilot project, conceived as a **collective experiment**, where creations are woven together by multiple voices. Two tracks are already available to discover : [Dans l'espoir que ça changera](#) and [L'Art d'Heure](#).

This is a **symbolic co-production** based on mutual visibility, administrative support and highlighting the work of the members of the asbl. If you have an **artistic project that you would like to co-produce with La Collective dans Tous ses États**, please write to us

## Projects that resonate with us 🌐

### MOTHER PROJECT

The **Mother Project**, led by Axel Pleeck ([Molenbeek Academy of Visual Arts](#)), will be hosting **events from 9 to 11 February**. This project explores **origins, connections, transmission and transformation**. It takes a sensitive approach, echoing the themes of care, creativity and memory that are so dear to La Collective in All its States.

### THERAPEUTIC PSYCHODRAMA WORKSHOP

The first workshop in the **therapeutic psychodrama cycle** led by Sara Graetz will take place on **28 February**.

A space to **explore inner narratives through the body, the stage and relationships**. A practice that ties in with our focus on multiple states, expression and transition.

# What is The Collective dreaming of for the summer? 🚲🎨

## CYCLE-ART: A PARTICIPATORY EVENT ON WHEELS!

We have a slightly crazy dream for this summer: to set off in a **joyful cycling troupe** (bicycles, cargo bikes, carts...) to **travel from place to place for a few days** in Belgium.

We want to draw inspiration from eco-villages, cohousing communities and other artistic communities to **co-create mobile works of art to share**.

A **time to explore art as a process rather than a result**: writing, creating, listening, sharing, starting over.

A cycle where everyone can join at their own pace, leave a mark and receive another in return.

**DOES THIS DREAM RESONATE WITH YOU? CONTACT US TO JOIN THE CYCLE-ART TEAM AND ORGANISE THIS EVENT TOGETHER!**

## Projects in the pipeline 🔥

### TRAINING IN COLLECTIVE INTELLIGENCE AND SHARED GOVERNANCE

**Collective intelligence** is the ability of a group to think, decide and act more effectively than individuals acting alone. **Shared governance** is a mode of organisation in which power, responsibility and decision-making are distributed among the members of a collective.

In 2026, La Collective wishes to offer **training** dedicated to these two central pillars for our asbl, aimed at **active members**. A lively learning space, rooted in our real practices, to better inhabit roles, navigate tensions and grow the project without burning out. Learning together to take care of the collective. **More info to follow!**

### SEARCH FOR PARTNERSHIPS, SPONSORS AND SUBSIDIES

We are seeking **partnerships, sponsorships** and, perhaps, **subsidies**.

Not just financial support, but **meaningful alliances**.

If you have any **ideas, leads, contacts or insights**, they are welcome. The Collective in All its States is also being built thanks to unexpected resonances.

## ♫ Food for the ears and eyes

### 📻 THE COLLECTIVE IN ALL ITS STATES IN "DES LIVRES POUR DIRE"

The Collective in All its States was invited in **Des Livres pour Dire**, the radio show of **Scriptalinea** on **Radio Air Libre**. A time to talk about **the project, its roots, its momentum and its words**.

The discussion is **available as a podcast**: an audio recording for those who like to hear stories told differently, between silences and echoes.

### 📘 1001 DOORS: BOOKLET TO DOWNLOAD

The 1001 Doors booklet is now **available for download**. A collection of texts like thresholds to cross, possible **gateways to oneself and to others**. Each door opens up a sensitive space, sometimes fragile, often luminous. To be read slowly, to be allowed to sink in. A gesture of sharing, offered to those who love to let words wash over them.
